

# BORDER DISEASE virus pre-sale testing +/- health declarations

## OWNER'S DETAILS

Owner.....  
 Address.....  
 Address.....  
 County..... Postcode.....  
 E-mail address.....  
 Tel. no.....  
 CPH number \_ \_ / \_ \_ / \_ \_ \_ \_ UK Flock number.....

## VET PRACTICE DETAILS (or use practice stamp)

Practice name.....  
 Address.....  
 Address.....  
 Town.....  
 County.....  
 Postcode..... Tel. no. .... Sampling vet.....

Up to ten blood samples or ear tissues can be pooled for Border disease virus PCR testing. If a pool is negative the sheep contributing to the pool can be issued with a negative Border disease virus status.

If opting for pooled virus PCR testing and a **positive** pool is obtained do you wish the samples to be tested individually for the virus? YES / NO

If NO is selected we will report the pool results. Individual testing can be requested on all, or some, of the samples within a **positive** pool on receipt of the results by contacting the lab

Date of sampling	
No. of sheep sampled	
No. of blood samples submitted	
No. of ear tissues submitted	
If health declarations are required – please state if individual or group ones are required (£4 each &VAT)	Individual/group
